Our Mission: To address food insecurity in St. Joseph County one protein-based serving at a time.

WHY WE’RE HERE

- 1 in every 4 children within St. Joseph County struggle with hunger
- These children are only part of the 40,000 people who face food insecurity in our county every day

Your investment will help 4-H youth develop life skills that will prepare them to be future leaders. 4-H members whose livestock is purchased will benefit because they will receive seed money for next year’s 4-H livestock project. Finally, and most importantly, it will help put nutritious food on the plates of hungry children and their families. Together, we can make our community stronger.
